DETAILED ACTION

1. The amendment filed on 22 June 2004 have been received and entered. Claims 4, 12, 19, 27 and 38 have been cancelled by the applicant. Claims 1, 5-9, 13-16, 20-24, 28-32 and 34-37 are pending in the application.

2. It is noted that in the previous office action sent by the examiner, mailed on 24 March 2004, the examiner determined that dependent claims 4-7, 12-15, 19-22, 27-31 and 38 were allowable subject matter objected to as being dependent upon a rejected base claim. In the applicant's amendment filed on 22 June 2004, the applicant has included the limitations previously recited in claims 4, 12, 19, 27 and 38 into their respective base claims, thereby canceling claims 4, 12, 19, 27 and 38, and putting the independent claims in condition for allowance.

Allowable Subject Matter

3. Claims 1, 5-9, 13-16, 20-24, 28-32 and 34-37 are allowed.

4. The following is an examiner's statement of reasons for allowance:

The present invention teaches a method of reporting determined network metric values to a graphical user interface. Each independent claim identifies the distinct feature of "updating a first update message with the determined metric values resulting from the probing step and by adding to the first update message, a predefined code, where the predefined code relates to the

undetermined values". The closest prior art, Chari US Patent 6,046,742, teach organizing and displaying operational parameters of components in a computer network. The prior art fails to teach updating a first update message with the determined metric values resulting from the probing step and by adding to the first update message, a predefined code, where the predefined code relates to the undetermined values and thus fails to anticipate or render the above limitations obvious.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
